

**Udai – working together works**

**“The best is yet to plan”**

# Annual Report- 2015-2016

UDAI entered the 3<sup>rd</sup> year with more than 30 children with disabilities like cerebral palsy, ASD, intellectually challenged, speech and hearing impaired and learning disabilities.

## Highlights of the year

### Awareness campaign

With every passing day and year we felt that an awareness and sensitization and publicity campaign about the disabilities, a school which is providing facilities for such children needs to be created in the entire neighborhood of Janakpuri West.

So UDAI along with its staff, parents and children organized an ‘Autism Awareness walk on 1<sup>st</sup> April, 2015 to sensitize the community at large.

### New projects and products for Vocational Training

Besides our very successful venture and much in demand the diwali products like floating and decorative divas, torans, etc. we wanted to expand and explore further opportunities.

So we initiated with two new projects **Acchar unit** and **Pot making unit**, which were introduced as part of the vocational training programme. It was a runaway success.

### **Daily living skills - Visit to a restaurant**

As part of their extended curriculum towards socialization, independent living, eating as per your choice, First time a visit to a restaurant was planned for the children of UDAI.

### **Metro ride**

Similarly, a metro ride also was the highlight event for these children. Using the escalator, lift, buying tickets from the counter and then travelling in a metro was an educational experience for them. They thoroughly enjoyed the ride.....

## Excursions (picnic)

This has become an annual event for our staff and children and they look forward to it.

## Workshop by parents of ASD for the parents of UDAI

As the strength of UDAI is increasing by day, the need and demand to create awareness amongst the parents about the relevant issues related to disabilities like educational, social, emotional and sexual was being felt. A one day workshop was organized by UDAI called 'Sanchetna: Dealing with Autism powerfully' on May 16, 2015.

Mr. Bhushan Verma and Mrs. Rakhi Verma, parents of an ASD child and an initiator of an NGO called Sayyam, interacted and shared their experiences about rising up their child. They also shared about the possibilities and preparedness required to send a child to a regular school setup.

After this workshop the parents wanted to know about the various provisions, facilities provided by the Ministry of Social Justice and Empowerment and THE National Trust.

### **Workshop on various schemes and about National Trust**

Mr. Mohanty, Deputy Director, The National Trust, Delhi graced the occasion on 16<sup>th</sup> January 2016. He explained in detail about the various schemes like Nirmaya, Scholarships, etc under the Trust which the parents can benefit from. More than 50 parents attended this workshop

### **Major Achievements by our Children**

#### **Special Olympics**

Nine of our children having ASD, Intellectual disability, etc participated in a sports meet organized at Air Force Golden Jubilee School. Aryan Kumar Won 1 gold and 2 silver medals in sports event such as skating.

Similarly, another sports event was organized at Bharti College on 25<sup>th</sup> December our five children stood 2<sup>nd</sup> and 3<sup>rd</sup> position in the race event.

### **Trophy for Cultural Event**

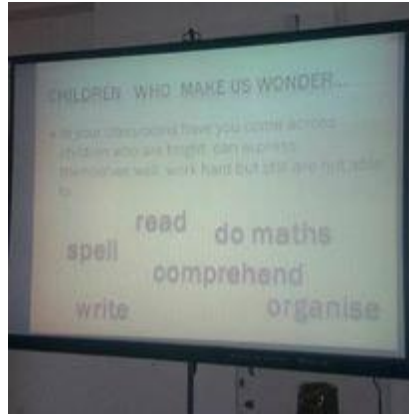

Participation trophy received in a culture event organized by I care learning school, on 17 December 2015

### **New Venture of UDAI - UDIPP**

By the year end UDAI took another big initiative by starting a new venture called UDDIP the learning center for children with learning disability etc. Many children with learning difficulties from regular schools like: Nirmal Bharti, ITL Dwark, Presedium etc, are coming for assessments and remedial sessions.
